

LAHARI KANDULA

SOFTWARE DEVELOPER | SOFTWARE TESTER

8885194215 | laharikandula9@gmail.com | <https://www.linkedin.com/in/lahari-reddy-kandula-22b4a4298/>

EDUCATION:

- **Graduation**
 - Ramireddy Subaramireddy Engineering College (B. Tech)
Computer Science and Engineering **2020-2024**
76.93%
- **Secondary College**
 - Sri Srinivasa Jr. College
M.P.C **2018-2020**
8.01 CGPA
- **High School**
 - Z.P.P.High School Siddankonduru
SSC **2017-2018**
8.36 CGPA

SKILLS:

Languages : Java, SQL, JavaScript, HTML, CSS

Technologies : Manual Testing

EXPERIENCE:

Web Developer Codsoft | Full Stack Java | AI-ML | Intern

Developed a landing page:

- Designed a Landing with name Agriculture Landing page with interactive, navigate Header Section, Footer Section.
- In the Header Section categories like Home, Products, Contact, and with Get Started button using HTML and CSS.

Build Portfolio:

- Generated My Own Portfolio, with all My Details about my qualification, skills, experience, my resume, created a resource to download the resume.
- Skills are designed as a bar graph based on how much knowledge do I have, used by pictures to represent about me using HTML and CSS.

PROJECT:

IOT BASED APPLE DETECTION AND MONITORING USING COMPUTER VISION TECHNIQUES

An IOT- based systems for detecting and monitoring apples in agricultural settings computer vision techniques. The system integrates IOT devices with cameras real-time images of apple trees. These images are then processed using computer vision algorithms to identify apples and assess their ripeness levels. Through IOT connectivity, data on apple growth, health, and environmental conditions are transmitted to a centralized platform for analysis and decision-making. The proposed system offers a non-invasive, efficient method for a apple monitoring, enabling farmers to optimize harvest timing, resource allocation, and overall orchard management.

INTERNSHIP:

- I have finished internship in Codsoft as a Web Developer.
- During Academic did a minor internship in AI-ML.
- Major internship in Full Stack Java.

CERTIFICATES:

5/2023–7/2023	Certification from Eduskills on AWS Cloud Virtual Internship.
1/2024–4/2024	Certification from University of Malaysia Kelantan FSDK.
4/2023–4/2023	Participation Certification in the five days Add-On Program on sales forces.
6/2023–10/2023	Certification from IIT kharagpur on NPTEL.

SOFT SKILLS:

• Communication skills • Time Management • Problem solving skills • Adaptability • Team work

HOBBIES:

Pencil Sketch | Gardening | Cooking

LANGUES: English – A2 | Telugu - native | Hindi – C1
